
Title: Attention 2

Author:

ATTENTION, all allies,
loyalists and lightbringing
guilds. We in the Regency
believe that within days
if not hours, the cities
of Yew, Britain, and
Trinsic may fall under
siege; by none other than
Lord Blackthorne himself.
We ask that all other
activities cease and that
the protection of our
cities be our first
priority. Take all
precautions necessary to
ensure the safety of all
citizens of the realm.
Make haste my friends,
time is short. May the
Virtues watch over us all
in these dark times.
FOR BRITANNIA!
